info@treeconomics.co.uk

Workshop spaces are limited to 40 delegates -
secure your space!

Get inspired at one of the most
charming conference venues in
Sweden!

Don't miss this fantastic opportunity to meet the experts and to find out
about the latest exciting i-Tree projects around the world!

Since the first European i-Tree conference in 2015, the toolkit has been
used in many varied projects across the globe. Come and hear our
speakers talk about some of these projects, and find out how you
could make more of i-Tree in your own work.

Day 1: Listen to ten speakers from across three continents share their
own applications of i-Tree - be inspired!

Day 2: Participate in our workshop which offers an introduction to the
i-Tree software and its application (spaces limited).

New to i-Tree? Come and find out how this tool, created by the USDA,
can help you measure urban tree populations and calculate the
economic value of their eco-benefits.
